

We are looking for a

H2020 Communication & Dissemination Expert

Keywords: EU funded projects / Communication / ICT Innovation

Job category: H2020 Community and Communication Management

Job location: Zurich, Switzerland

Contract: Part time 80% to full time, with a probation period of 3 months and a resignation period of 2 months from either party

Start date: Q2 2021

Salary: Depending on the experience of the candidate, to be discussed

Holiday: 25 days per annum, plus statutory holidays

Job description and responsibilities

We are looking for an H2020 projects' Communication & Dissemination expert, with a **thorough knowledge of and at least 3 years' experience with complex European research and innovation funded projects.**

As H2020 Communication and Dissemination Expert in Martel you will contribute to develop and manage community building, stakeholders' engagement, communication, media presence, and promotional messaging for European-funded and commercial research and innovation projects in various ICT fields, including for instance Internet of Things, smart cities, telecommunications, multimedia, cloud computing or next generation Internet.

You are passionate about storytelling and multimedia audience engagement. You will produce and publish editorial content for Martel, for H2020 projects, and commercial clients. You will creatively plan, research, write and proofread editorial content in the ICT field. You will oversee the online communication, social media presence, community building, and promotional messaging for European-funded and commercial research and innovation projects in various ICT fields, including for instance smart cities, telecommunications, multimedia, Internet of Things, artificial intelligence, cloud computing or next generation Internet. Your day-to-day responsibilities will include:

- + Define and execute the assigned H2020 projects' communication plans and liaise with academic and industrial partners as needed to create relevant contents
- + Ensure we meet the EC's contractual obligations regarding communication and dissemination activities (monitoring projects' milestones and KPIs and adopt corrective measure as needed)

- + Organize workshops, conferences and events in Europe and beyond with high profile stakeholders and limited budget
- + Animate social media channels (Facebook, Twitter, LinkedIn)
- + Coordinate with the creative team to improve editorial content presentation/ layout (Web designers, photographers, video makers etc)
- + Ensure content is up to date across media

In close collaboration with the rest of the Martel Media team you will contribute to defining and maintaining the image of the company, delivering communications to support marketing and business acquisition, shaping corporate communications, PR, social media, events, and content creation Martel Innovate is involved in.

You will be active in a friendly international environment and take part to national and international R&D projects across Europe (and beyond from time to time). In this respect some travelling within and outside Europe will be entailed.

You will be active in a friendly international environment and take part to national and international R&D projects across Europe (and beyond from time to time). In this respect some travelling within and outside Europe will be entailed.

Fit for the challenge

- + Comfortable developing multimedia content (Web, social media, video, press, animations etc.) across multiple channels
- + Ability to generate and translate ideas and concepts into first class digital news and features
- + Outgoing personality: you will be required to walk into networking events and be comfortable introducing yourself and the company to strangers
- + Writing skills – an editorial background in Web and social media content development experience with writing helps since you will be creating content for our company, projects, customers and / or partners
- + Communication and social media experience – a must. We need someone who can navigate WordPress and understands Twitter and Facebook for business, to start with
- + Interest in and good understanding of the ICT industry – at least of a subset of specific domains our projects and customers are active in (IoT, Cloud, AI, Telecoms, Creative Industry, Media, etc.).

More specifically:

- + Native or excellent English.
- + Proven experience in the context of Horizon 2020 project dissemination and communication
- + Consolidated experience in Communication/Media/Community Management, including familiarity with online media / tools, such as Twitter, FB, LinkedIn, Instagram, Hootsuite, Tweetdeck, etc, online and off-line publishing platforms
- + Solid experience with content management and editing, such as white papers, brochures, press releases, blogs, news items, etc. for on-line and off-line usage
- + Knowledgeable in at least one of the following key technologies: Internet, AI, IoT, 5G, Cloud, Media
- + Creative, open-minded, flexible, great time management skills, ability to multitask and proactive attitude

What could be a plus?

- + Proven experience in the context of Horizon 2020 project management and coordination
- + Intermediate German
- + Previous experience in PR and event management
- + A Master's degree (or equivalent) in Communication / Media / Journalism.

Do you want to apply?

Send:

- + Your CV
- + Cover letter (clearly elaborate on why you are the right person for the job)
- + A selection of your best editorial work

via email to careers@martel-innovate.com indicating **"H2020 Communication & Dissemination Expert"** in the subject.

About Martel Innovate

Based in Zürich, with offices also in Lugano, Martel is an innovative and dynamic SME specialized in the management, innovation and promotion of international Research and Development projects with a focus on advanced Internet technologies, such as 5G, IoT and Cloud.

Martel, with more than 20 years' experience in the European and Global ICT scene, includes three departments that work side by side to deliver the best quality to its customers:

- + Martel Consulting, a department specialised in R&D Project and Innovation Management and Strategic Consultancy, focusing on the coordination of H2020 projects;
- + Martel Media, a division specialised in dissemination, communication, marketing and community building activities at the service of ICT initiatives and projects;
- + Martel Lab, a R&D department specialized in cloud native architectures, spanning from cloud computing infrastructures to cloud computing as an enabler in different application fields such as: Big Data, IoT, NFVI and Smart Cities.

Martel's team is an international and dynamic group of people that combine skills and expertise from different domains, including business, technological, scientific, communication and marketing sectors.

The Martel Media branch, which is guiding the overall communication and marketing activities of the company is growing:

this is your chance to join us!
