

We are looking for a

Front-End Developer

Keywords: AngularJS / React

Job location: Lugano (Switzerland)

Contract: Full-time position

Start date: Q3 2019

Salary: Depending on the experience of the candidate, to be discussed

Holiday: 25 days per annum, plus statutory holidays

Job description and responsibilities

As Front End Developer in Martel, you will work on cutting edge technologies adopting agile and test-driven techniques. You will have the responsibility to drive the development of Web front ends for applications in the context of IoT and other projects.

You will be active in a friendly international environment and participate in national and international R&D projects across Europe (and beyond from time to time). In this respect some travelling within and outside Europe will be entailed.

Qualification, previous experience and background

- + A bachelor/master's degree in computer science or a related discipline;
- + Previous experience as frontend & backend developer.

Requested Skills

- + Excellent knowledge of operating systems: Linux, Mac OS, Windows;
- + Programming languages: NodeJS, J HTML, Javascript, JQuery;
- + Web frameworks: Angular, React;
- + Creativity and open-mind ☺;
- + Proactive attitude;
- + Excellent English;
- + Ability to travel when needed.

Desirable

- + Experience with Docker;
- + Experience with Grafana;
- + Experience with creating nice maps (CartoDB, LeafletJS);
- + Experience with Agile techniques;

- + Strong interpersonal skills;
- + Other spoken EU languages.

Benefits

- + Apple Mac Book Pro or comparable Windows based laptop;
- + Monthly allowance for mobile subscription;
- + SBB 1/2 yearly card subscription;
- + Flexible work hours;
- + Possibility to work from home from time to time.

Do you want to apply?

Send:

- + your CV;
- + R&D portfolio (github profile link);
- + cover letter (clearly elaborate on why you are the right person for the job);
- + decrypted string "V nz ceboyzr fbyire" (rot13);

via email to careers@martel-innovate.com indicating "Front End Developer" in the subject.

About Martel Innovate

Based in Zürich, with offices also in Lugano, Martel is an innovative and dynamic SME specialized in the management, innovation and promotion of international Research and Development projects with a focus on advanced Internet technologies, such as 5G, IoT and Cloud.

Martel, with more than 20 years' experience in the European and Global ICT scene, includes three departments that work side by side to deliver the best quality to its customers:

- + Martel Consulting, a department specialised in R&D Project and Innovation Management and Strategic Consultancy, focusing on the coordination of H2020 projects;
- + Martel Media, a division specialised in dissemination, communication, marketing and community building activities at the service of ICT initiatives and projects;
- + Martel Lab, a R&D department specialized in cloud native architectures, spanning from cloud computing infrastructures to cloud computing as an enabler in different application fields such as: Big Data, IoT, NFVI and Smart Cities.

Martel's team is an international and dynamic group of people that combine skills and expertise from different domains, including business, technological, scientific, communication and marketing sectors.
