

We are looking for a Web Developer

Keywords: AngularJS / React / Wordpress

Job location: Lugano (Switzerland)

Job category: Information Technology

Contract: Full-time or Part-time position, 1 year, extendable

Start date: Q4 2020

Salary: Depending on the experience of the candidate, to be discussed

Holiday: 25 days per annum, plus statutory holidays

Job description and responsibilities

As Web Developer, you will collaborate with different teams in Martel to code and craft innovative Apps and fresh-looking Web sites. You will have chances to express your creativity and to challenge yourself with different projects and cutting-edge technologies, ranging from the development of modern Web applications for IoT scenarios, to the customisation and development of template and plugins for Wordpress.

While part of the R&D team, you will closely collaborate with Martel media team, translating communication and Web designers' ideas into crisp and interactive interfaces.

You will be active in a friendly international environment and participate in national and international R&D projects across Europe (and beyond from time to time). In this respect some travelling within and outside Europe will be entailed.

Qualification, previous experience and background

- + A bachelor/master's degree in computer science or a related discipline;
- + Previous experience as Web frontend developer;
- + A solid portfolio of Web applications.

Requested Skills

- + Programming languages: NodeJS, PHP, HTML, JavaScript;
- + Web frameworks: Angular, React, YII, Wordpress;
- + Creativity and open-mindedness ☺;

- + Solid analytical thinking and problem-solving capability;
- + Proactive attitude;
- + Excellent English;
- + Ability to travel when needed.

Desirable

- + Experience with Docker;
- + Experience with development of native Mobile applications (e.g. React Native);
- + Experience with creating nice maps (CartoDB, LeafletJS);
- + Experience with Agile techniques;
- + Strong interpersonal skills;
- + Other spoken EU languages.

Benefits

- + Apple MacBook Pro or comparable Windows-based laptop;
- + Monthly allowance for mobile subscription;
- + SBB 1/2 yearly card subscription;
- + Flexible working hours;
- + Possibility to work from home from time to time.

Do you want to apply?

Send:

- + your CV;
- + portfolio (github profile link and link to Web apps);
- + cover letter (clearly elaborate on why you are the right person for the job);
- + decrypted string "Ornhgl vf va fvzcyvpvgl" (rot13);

via email to careers@martel-innovate.com indicating "Web Developer" in the subject.

About Martel Innovate

Based in Zürich, with offices also in Lugano, Martel is an innovative and dynamic SME specialized in the management, innovation and promotion of international Research and Development projects with a focus on advanced Internet technologies, such as 5G, IoT and Cloud.

Martel, with more than 20 years' experience in the European and Global ICT scene, includes three departments that work side by side to deliver the best quality to its customers:

- + Martel Consulting, a department specialised in R&D Project and Innovation Management and Strategic Consulting, focusing on the coordination of H2020 projects;
- + Martel Media, a division specialised in dissemination, communication, marketing and community building activities at the service of ICT initiatives and projects;
- + Martel Lab, a R&D department specialized in cloud native architectures, spanning from cloud computing infrastructures to cloud computing as an enabler in different application fields such as: Big Data, IoT, and Smart Cities.

Martel's team is an international and dynamic group of people that combine skills and expertise from different domains, including business, technological, scientific, communication and marketing sectors.
